EDUCATION

July 1975 Scientific High School diploma, Liceo Scientifico " A. Volta" Riccione
November 7th 1981 Medicine degree, Università degli Studi di Bologna vote 110/110 with honors;
November 1981 Qualified as doctor at Università degli Studi di Bologna
June 20th 1986 Postgraduate work in nephrology, Università degli Studi di Bologna vote 70/70 with honors;
September 29th 2012 Qualification executive director Nephrology and Dialysis department after contest at ASL Forlì

WORK EXPERIENCES

January 1999-now 1st level Manager at Nephrology and Dialysis dept ,Ospedale Infermi AUSL Rimini
May 1993-December 1998 Nephrology assistant Ospedale Infermi Rimini U.S.L. 40
July 1989- April 1993 Nephrology assistant Ospedale Infermi Rimini U.S.L. 40
June 1992 Medical Attachment at Trafford Department, Royal Sussex County Hospital di Brighton (UK)
January 1987- July 1987 Nephrology day hospital specialist at Servizio Dialisi, Ospedale Ceccarini Riccione ASL 41
April 1984- December 1986 Voluntary doctor Istituto di Nefrologia e Dialisi Ospedale S.Orsola Bologna
September 1985-December 1986 Emergency medical care USL 41 Riccione (RN)
April 1983-April 1984 Medical officer Btg Anfio Sile Venice with role of Health Officer

May 1982- November 1982 Hospital apprenticeship Istituto di Nefrologia e Dialisi Ospedale S.Orsola Bologna

ROLE,TALENT and SKILL

2007 up to now Professional qualified director "Renal transplant and rare nephrological diseases"
2000 up to now Department director "Education and Research" at Nephro-Uro dept. (till 2007) followed by Internistic dept ASL di Rimini
1998 up to now Nephrological rare diseases day hospital director
1998 up to now Professional role "Dialysis and transplant day Hospital" at Riccione hospital
1990 up to now Transplant day hospital director at Rimini hospital

INSTITUTIONAL ACTIVITY

2018 Structure procedure promoter at nephrological day service "Autosomal Dominant Polycystic Kidney Disease"
2016 Structure procedure promoter at nephrological day service "Rare Nephrological Diseases"
2015 Structure procedure promoter at nephrological day service "Patient with renal transplant"
2014 Structure procedure promoter at nephrological day service "Evaluation eligibility candidate renal transplant"
Structure procedure promoter at nephrological day service "Evaluation eligibility candidate living renal transplant "
2011 referral center for Fabry disease

SCIENTIFIC INTERESTS

Clinical nephrology: huge clinical experience in different aspects of clinical nephrology. Several clinical studies with the partnership of Bioengineer faculty of Engineering School of Milan and with the faculty of Computer and Electronic, Università di Bologna, on polycystic renal disease focused on use of MRI in the evaluation of renal volume
Nephrological rare diseases: since 2005 promoter and responsible of "NEPHROLOGICAL RARE DISEASES DAY HOSPITAL" at nephrology and Dialysis dept gaining in 2011 regional accreditation for certification and therapeutic plan filling for several rare nephrological diseases.

Regional referring center for several rare diseases and coordinator of multidisciplinary working group for diagnosis, treatment and follow up for patients coming from different part of Italy.

Dialysis: collaboration with the managing of patients on dialysis in the hospital and in different territorial facilities

First user of central jugular venous catheter positioning technique learn by prof Tesio in 1996 and applied on dozen of patients under hemodialysis. Coach teaching activity

Renal transplant: due to his experience, he solely took care about managing of renal transplanted patients and candidate to renal transplant Effective activity in the field of living transplant analyzing and advising to certified referring centers.

He identified and advised first couple under ABO transplant who was incompatible in 2008 in Italy

Training and coaching:

Person in charge of training and research

- 1998 He attended course for coaching representative
- 2000-2014 He was responsible for annual department training plan
- He actively contributed to organize more than 100 scientific events for physicians and nurses
- He promoted research on training impact in the field of CVC surveillance
- 2010 He promoted research project on single training dossier for internal medicine III
- 2014 He promoted research project on dept. training dossier for internal medicine III
- 2016 He promote education for doctors and nurses involved in management of Fabry disease patients
- 2018 He promote education for doctors and nurses involved in management of Autosomal Dominant Polycystic Kidney Disease patients

RESEARCH

>Genetic characterization in glomerular nephropathy

>Nephrological rare disease

- Fabry disease
- Tuberous sclerosis
- Alport syndrome

>Renal Cystic diseases

- Autosomal Polycystic Kidney Disease

>Dialysis:

- viral infection in dialytic patients

>Transplant:

- viral infection in transplanted renal patients

2012	Co-Supervisor in graduation thesis for nursery degree Bologna University Medicine and Surgery Faculty, Academic year 2011-2012: - "Evaluation of renal transplant candidate :clinical and nurse care " - "Fabry disease : nurse role in care assistance"
2013	Sole teacher and scientific coordinator during interregional educational meeting on Fabry disease, Milan october 16th 2013

SCIENTIFIC AWARD

1985	"F. Schiassi" prize in nephro research;
1987	Scholarship at USL 28 Bologna in renal transplant research;
October 2003	Poster Prize Award at " 4 th European Round Table on Fabry Disease" Munich (Germany)
November 2007	Voluntary research award USL Rimini 2007: "Effects of enzyme replacement therapy in kidney transplant patients with Fabry disease"
October 2010	Award "Best oral communication " at 51° National Nephrology congress

SCIENTIFIC TASK

- < Member of 'Editorial Board World Journal of Transplantation
- < Member of 'Editorial Board Journal Medical Research
- < Member of 'Editorial Board Giornale Italiano di nefrologia
- < Member of 'Editorial Board Portuguese

< Reviewer for nephrological scientific: American Journal of Kidney Disease , Journal of Nephrology, Drugs, Expert Review of Endocrinology and Metabolism, Expert Opinion On Biological Therapy, International Journal of Nephrology, Nephrology Dialysis and Transplantation, Journal Medical Research)

- < Chairman italian Fabry Registry
- < Member ITALKID registry
- < Member of Scientific Committee patients association AIPAF- GIPF
- < Member of Steering Committee , Satellite Meeting of the World Congress of Nephrology " Focus on Fabry Nephropathy" held in Bergamo May 26-28 2009
- < Member of Steering Committee Satellite Meeting of the World Congress of Nephrology " Focus of Fabry Nephropathy" held in Vancouver (Canada) April 12-14 2011
- < Member of Steering Committee 12th Fabry Expert Lounge Budapest (Hungary), October 21 2012
- < Member of scientific committee Congress "Polycystic kidney disease and its Manifestation" promoted by AIRP May 21 2011 Rimini

AFFILIATE

Italian Nephrology Society (SIN)
Advisor Emiliano-Romagnola section of the Italian nephrology society (2000-2003)
Member of European Nephrology Society (EDTA-ERA)
Member of American Nephrology Society (ASN)
Member of Polycystic Kidney association(AIRP)
Member of interregional transplant association (AIRT)
Member of Italian Fabry Patients Association (AIPAF)

MEETINGS AND CONGRESS

Attended more than **300** national and international scientific meetings
Member of organizer and scientific committee in more than 30 congress

COMMUNICATION AND MODERATOR

136 scientific oral communication in national and international congresses

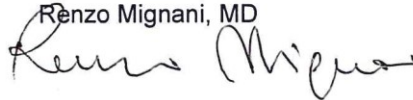

21 scientific speech in hospital, regional and national meeting

SCIENTIFIC PUBLICATION

Publications on scientific books, magazine, national and international abstracts

- 5 articles in periodic magazine
- 4 book chapters
- 124 review and original articles in scientific journals
- 59 in PUB-MED index
- 48 abstracts

Rimini 12-06-2020
